

individual presentation

sample discussion

explain activity; invite 1- 2 participants; allow time to prepare presentation;
invite the rest of the participants to introduce themselves

home community society workplace academic

1. engagement with literacy at workplace

position, institution, tasks

2. academic route

what did he/she study and why? what were the favourite disciplines?
why? how did he/she use to study? what about the library?

3. home and community

was it an effort to read/learn so much? did she/he has a library at
home/neighbourhood? what about reading in family? who used to check
homework? do they read for children in the family?

4. society

do they believe that reading to children has an impact? what is the
perspective on that in their country, community? what about the PISA
results for the country?

We did it as a discussion, presentation...how can this be done
formally/informally....explicitly/implicitly?

Is there any use to do that with their learners?

what types of literacy have I targetted?

What questions would they ask?

How would they use info in literacy education?

what moments in his history and personal routes would you want to scrutinise?
what questions would you ask to help you create opportunities for 'literacy education'?
